

## Notes

1. You can complete this form to estimate or re-estimate your interim repayments.
2. If you have chosen to estimate your interim repayments you cannot change back to the standard option for that year.
3. Penalty for under-estimation will apply where the estimate is less than 80% of the residual repayment assessed for that year.
4. Estimates or re-estimates must be made before the due date of your third instalment.
5. To calculate your estimated repayment deductions subtract the repayment threshold from your salary/wages and multiply by 0.1 (10%).
6. The government reviews the repayment threshold each year and normally changes it on 1 April. To find out what the current repayment threshold is, visit our website at [www.ird.govt.nz/studentloans](http://www.ird.govt.nz/studentloans) or phone 0800 377 778.
7. To find out more about interim repayments and the estimation option, read our booklet *Student loan – making repayments (IR 224)* which you can get from our website or by phoning INFOexpress on 0800 257 773.
8. Send this form to Inland Revenue.

If you live in:
