6 Care Information

The number of nights a person cares for a child is generally the best measure of the care they provide, however in some cases this may not be a good reflection. For example, you have daytime care of a child but no overnight care because you work at night.

Use the space below to tell us what your care arrangements are:

- If using the nights of care is not a good reflection of the care you provide for a child
- If the child has a parenting order or care agreement and it is not being followed.

Applicant checklist

Have you:

- answered all the questions on pages 1 to 3?
- completed both calendars on pages 5 and 6?

Privacy

Meeting your tax obligations means giving us accurate information so we can assess your tax and entitlements under the Acts we administer. We may charge penalties if you do not.

We may also exchange information about you with:

- some government agencies
- another country, if we have an information supply agreement with them, and
- Statistics New Zealand (for statistical purposes only).

You can ask for the personal information we hold about you. We will give the information to you and correct any errors, unless we have a lawful reason not to. Find our full privacy policy at ird.govt.nz/privacy
