Attributed benefits

Exemption: There is a \$1,200 exemption per employee per income year, provided no employee's total benefit exceeds \$1,200 and the value of all employees' total benefits in the income year does not exceed \$22,500. If the value of benefits provided for any employee exceeds \$1,200, or the total in Box 1 exceeds \$22,500, you cannot claim an exemption and FBT is payable on the total value of the benefits provided.
