Purpose of the schedule

The contact trustee must provide the names and other details of everyone connected with the foreign trust at the time of registration and when there are changes (see below). If the information is not provided, the trust is not eligible for the exemption on foreign-sourced income.

Connected person is unable to be located

Please fill in details that are known and advise what actions you have undertaken to locate the person in the comments box or in an attachment.

Connected person is deceased

If a person connected to the foreign trust is deceased, please provide the following details:

- their last known physical address
- jurisdiction of tax residence
- date of death.

Re-settlements

Where a New Zealand foreign trust receives a settlement from another trust (the head trust), there are at least two people that must be fully disclosed as settlors on the IR607A schedule. These are:

- (a) The settlor(s) of the head trust (tick “Settlor of settlor trust”)
- (b) The trustee(s) of the head trust (tick “Trustee of the settlor trust”).

Please note that if the trustee of the head trust is a New Zealand tax resident, you do not need to disclose this person's details on an IR607A schedule. When completing the settlor of the settlor trust role, please include the name of the trustee of that trust in the comments box.

You must also record the name of the settlor trust in the “Trust name” field for both of these roles.

Beneficiary is a minor

If a beneficiary is a minor of a fixed trust, you only need to complete their name, date of birth, jurisdiction of tax residence and taxpayer identification number.

You will, however, need to complete an IR607A schedule for their parent/guardian.

Addresses

You must provide a physical residential or business address for each person, including the contact trustee.

Phone number/Email address

If a connected person does not have an email address, please provide their contact phone number.

Taxpayer Identification Number (TIN)

This is similar to an IRD number in other tax jurisdictions. If the connected person does not have a TIN, please select the reason for this. Either:

- the jurisdiction of tax residence does not issue TINs; or,
- the person is not required to obtain a TIN in their jurisdiction of tax residence.

Changes

Where a person is newly connected to a trust after the trust is registered, you must provide a **New Zealand foreign trust connected persons schedule - IR607A** recording their details. You must provide us with the date they were appointed.

Where a person has newly appointed powers, or has their powers removed under the trust deed, you must also provide a copy of the document that confirms this (eg. a deed removing a protector).

Where a connected person ceases to be connected with the foreign trust (either because their powers were removed, or they are deceased), you must provide us with the date their connection ceased and the reason (eg. the person is now deceased, or their powers have been removed).

The contact trustee must provide these updates within 30 days of becoming aware of these changes, including providing copies of amending documents.

If you are not registered to use myIR, you should provide a **New Zealand foreign trust connected persons schedule - IR607A** for each person whose details have changed.
