

## Unpaid taxes due to small business liquidations

The following table shows the total number of small to medium enterprises (SME's) liquidated, total tax debt value written off as a result of the liquidations and the average tax debt per liquidated SME for the tax years ending 30 June 2013 to 30 June 2015.

<b>Year ended</b>	<b>Number of liquidations</b>	<b>Total tax debt value of liquidated companies</b>	<b>Average tax debt per liquidated company</b>
30-Jun-15	1621	\$167m	\$103,000
30-Jun-14	1989	\$220m	\$111,000
30-Jun-13	1927	\$333m	\$172,000

This excludes liquidations of businesses with an annual turnover exceeding \$100 million.
